

## IEEE Day 2015 – held by the Dayton IEEE Section

IEEE members and non-members were invited to Proto Build Bar for a night of networking, membership recruitment, and inspiration. Proto Build Bar is the country's first bar/maker space. The networking event took place on IEEE day - Oct. 6, 2015. A pizza dinner and drinks were sponsored by IEEE Dayton Section, Women in Engineering-Young Professionals (WIE-YP) and IEEE Region 2 & Dayton Section PEAL Chapter. Attendees used workbenches for soldering projects and door prizes were given out for time on the 3D printers. Attendees had such a great experience it might be an annual event for the local IEEE community.

# EAT
