

DEEP TECH PHARMA FORUM

10-11 APRIL 2019 | PHILADELPHIA, PA

OPTIMIZING THE PHARMA VALUE CHAIN THROUGH OPEN COLLABORATION

Deep Tech Pharma Forum on 10-11 April 2019 in Philadelphia, PA

**The Academy of Natural Sciences of Drexel University
1900 Benjamin Franklin Parkway
Philadelphia, PA 19103**

The IEEE-Standards Association's is hosting the

[Deep Tech Pharma Forum on 10-11 April 2019 in Philadelphia.](#)

The **Deep Tech Pharma Forum** is the pharmaceutical industry's first Open Space Technology Collaboration Platform. Although this is a Forum, it has no pre-determined agenda or canned presentations; it's about getting stuff done. The unique design of this forum is designed for high-intensity participation with the mission of developing solutions that are impeding the progress of viable applications of cutting-edge technologies throughout the pharmaceutical value chain. The event is designed for technologists in pharma, regulatory agents, patient advocacies, pharmaceutical business and technical professionals, service providers and partners to the pharma industry and more.

Technology areas of focus:

- AI, ML, Blockchain/DLT, VR/AR, IoMT/Sensors, Smart Materials and any other innovative technology

What are the applications in the pharma/life science value chain?

R&D, Discovery, Compliance, Clinical Trials/Research, Manufacturing and Supply Chain
